

Can we get a copy of our Voyager database?

- **Product:** Voyager
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

We just moved to Alma and we would like to copy our Voyager database to a local Oracle installation so we can continue to reference the data. Can you provide a copy of the database?

Answer

Ex Libris cannot provide a copy of the entire database (entire tables with their data structure), but customers are free to extract their own data using Voyager's utilities (Access Reports, Marc Export, Patron Extract, etc.).
