

Repackaging client with HtmlPrint

- **Product:** Aleph
 - **Product Version:** 22, 23
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

General:

The customized HTMLPrint.exe and HTMLPring.ini files, although included in the repackaged gui500-u.exe, are not distributed during installation.

These files need to be installed using Version Check.
