

Primo displays available, but item unavailable

- **Product:** Alma
 - **Product Version:** Feb 2018 Release
-

Description

This article: Neuroscience: How music meets mind by Elizabeth Margulis (Nature, 2017, Vol.546(7658), p.351) displays as available in the search results, but clicking through to the individual records reveals "no full text available".

Resolution

Search on the Portfolio ID and click "Edit portfolio".

Under the "Coverage information" tab, you can see that the coverage statement is "Global and Local".

If you don't have coverage for this portfolio later than 2015, please change the coverage statement to "Only local".

The change will be updated in Primo after the next Primo Central cycle will be completed. the result will be that the article will not be displayed as available.
