
Pivot-RP Profiles: Navigating a Faculty Profile

- **Product:** Pivot-RP

Navigating a Faculty Profile

A faculty profile in Pivot-RP contains extensive information about any given faculty member including:

- Name
- Affiliation
- ORCID
- ISNI
- Uploaded CV and/or publication documents
- Links to web pages
- Statement of Expertise
- Summary of Publications, Grants, Patents, Honors/ Awards, Web info, Co-Author information, Colleagues, Association memberships, and Previous Affiliations
- Communities they are listed under (used in the **Filtering** of search results)
- Keywords
- Languages
- Degrees
- Funding Matches
- Contact Information

Note

Not every profile will contain all of the information described above.

Pivot-RP uses a combination of publicly available information and user-entered information to create its faculty profiles. Some profiles will have more information than others. See the **Help section on Claiming and Updating Your Profile** for information on how to update a profile.

The **Name** of the faculty member will appear at the top of the profile. If we have a picture of the faculty member you will see their headshot on the left side of the profile.

At the top of the profile you will see the faculty member's current **Affiliation**.

In the **Overview** area, you will find a statement of **Expertise** describing his or her work and research interests, current and past **Affiliations**. You will also see **Communities** that the faculty member belongs to, **Keywords**, **Languages** spoken by the faculty member, and any **Degrees** that the faculty member holds.

Affiliations **Associate Professor**, Mandel School of Applied Social Sciences, Case Western Reserve University

biology, case western university

Past Affiliations **Visiting Assistant Professor**, Biology
Pace Western Reserve University

Funding Mat
337 funds

At the bottom of the **Overview** area, you will find a summary list containing **Publications, Grants, Patents, Honors/Awards, Co-Authors, Colleagues, Webpages, Associations, and Previous Affiliations** of the faculty member. If the faculty member has more than 5 publications, grants, awards, etc. you may see separate tabbed areas at the top of the profile for areas. Clicking on the corresponding tab will display and filter all of the details.

Publications will display a listing of the faculty member's published articles in reverse chronological order. An abstract for each publication is listed as well as co-authors of that publication (with links to profiles in Pivot-RP, if applicable). If you more than 5 publications are listed, you can narrow the list of publications by those published in the last 5 years or those published in the last 10 years using the . The filter also allows you to search by publication type.

Clicking on **Grants, Patents, or Honors** will provide information, including co-authors where appropriate, for each of those portions of the faculty member's profile.

Associations list any professional societies with which the faculty member is affiliated, and Previous Affiliations will show where the faculty member has worked in the past.

To the right of the profile Overview, you will see local **Contact Information**.

Funding Matches

Every Pivot-RP **Profile** also has **Funding Matches**. The **Funding Match** feature analyzes information in a profile and, based on an algorithm that looks at various areas in a profile against various areas within our funding opportunities and matches the faculty member to specific opps. These matches would be a good match for this particular faculty member, or perhaps anyone interested in similar research subjects.

Click on the link with the number of funding matches listed to see the full list of matched opps (the name of the opp and the

next deadline are displayed). You can view each full funding opp record by clicking on the title of the opp.

Also listed in the **Funding Matches** section are opps that have been matched to faculty in this person’s specific department. The 91 opps below are specific to the Department of Medicine—the department to which this particular faculty member belongs.

Funding Matches:

58 funding opportunities

91 funding opportunities for your department

Sorting - The default sort of your Funding Match results is by relevancy, noted as “Relevance” in the **sort** dropdown menu at the top of the list. Opps are listed from most relevant to least relevant. Relevancy is based on the Funding Match algorithm. You can modify the sort order on your results list by clicking on the **sort** option at the top of the results table: Opp Title, Sponsor, Deadline (soonest to latest, or latest to soonest), or Amount (highest to lowest, or lowest to highest). Clicking any of these will rearrange your matches accordingly.

Facets

On the left side of the list of faculty matches are **Facets**. Within each **Facet** category (**Funding Types, Sponsor Types, Applicant Type, Keywords**), the top 5 results are displayed in sub-categories, along with the number of records in your list of funding matches in which the sub-category appears. Sub-categories are listed in decreasing order of frequency.

Note

The number of records displayed for each sub-category may not total the same amount as your overall search results. Some records may not be included in the Top 5 sub-categories, and others may be included multiple times, based on

Ex Libris, Part of Clarivate

3

the information in the funding opportunity record.

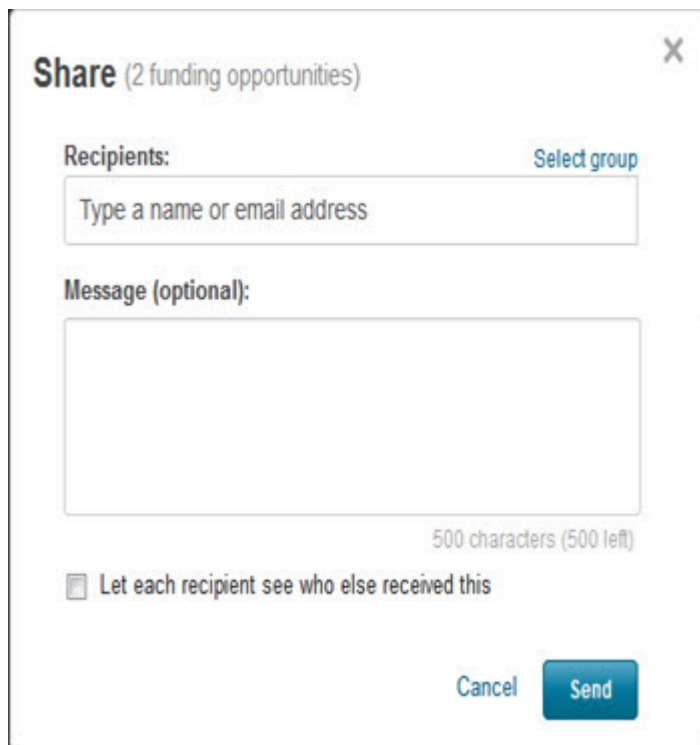

The **Facets** continually update as you choose them. For example, click on the first sub-category within the **Top Sponsor Types**. Your set of results will refresh and you'll notice that the **Facets** also change, reflecting the new numbers associated with the subset of records you have just selected. To remove a chosen sub-category, just click the "x" to the left of that sub-category.

Sharing Funding Matches

From the list of matched opps, you can **Share** opps with with others (or yourself).

To **Share** Opps from the **Funding Match** list:

1. Select the opp(s) you wish to share.
2. Click the **Share** button.
3. By default, the name of the faculty member whose profile you were viewing is displayed as the recipient of your share. You can delete the default recipient or add additional names. As you type, Pivot-RP will attempt to find a name match at your institution. If the match appears, just click on the name. If no match appears, simply type in the email address. To add another name or email, press the Tab key and type in the new name/email address. You can also select a pre-defined group as your recipients. Click on the **Select group** link to add a group of names. You can also create a new group from the names already entered by clicking **Save names as new group** and entering a group name.
4. **Message:** Use the text box below the email fields to type in a personalized message that your recipients will see.

The screenshot shows a dialog box titled "Share (2 funding opportunities)" with a close button (X) in the top right corner. Inside the dialog, there is a "Recipients:" section with a text input field containing the placeholder "Type a name or email address" and a "Select group" link to its right. Below this is a "Message (optional):" section with a large text area. At the bottom right of the message area, it says "500 characters (500 left)". At the bottom left, there is a checkbox labeled "Let each recipient see who else received this". At the bottom center, there are two buttons: "Cancel" and "Send".

5. Click the box labeled, **let each recipient see who else received this** if you want to display for each recipient who the other recipients are.
6. Click the **Send** button at the bottom of the box and a confirmation screen will appear to let you know the selected opps have been shared.

Faculty Matches are also what the faculty member (whose profile the **Faculty Matches** are linked from) sees in their Pivot-RP Homepage Advisor recommendations.
