

Why did the Ebook Central job fail?

- **Product:** Alma
-

Question

After activating the Ebook Central Perpetual and DDA Titles collection and setting up the Ebook Central Integration profile in Alma, the job fails when it runs. Why did the job fail?

Answer

The holdings file is not available from Ebook Central until after Wednesday evenings. The job will fail if the file is not available. Please wait until Thursday to run the job and open a Support case if you continue to experience job failures.

Additional Information

For more information on setting up this integration, please visit the [Ebook Central Integration page](#) in the Alma Online Help.
