
RHSA-2015:2199-6 Fix workaround in place FAILED in VIK

- **Product:** Voyager
 - **Product Version:** 10.1.0
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Problem Symptoms

During preinstallation tasks step fails:

```
Checking: glibc fixes RHSA-2015:2199-6.....WARNING
Checking: RHSA-2015:2199-6 Fix workaround in place.....FAILED
```

Cause

Step is checking for the presence of a file to address a RHEL issue and file has not yet been created.

Resolution

Continue moving ahead with the VIK; a later step will generate the needed file.
