

Adding a Main Menu to the Service Page in New UI

- **Product:** Primo
 - **Product Version:** August 2018
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local
-

Question

The New UI Service Page does not have any Main Menu links.

How can I add Main Menu links to the Service Page?

Answer

Starting Primo August 2018 release, you can add to the UI Customization CSS file the following line:

```
prn-topbar .isDeposit, prn-topbar .isServicePage, prn-topbar .isSummonOverAlma {  
  display: inline;  
}
```

You will then be able to see the same Main Menu links as in the Main View of the New UI.

Those links can be configured in the Back Office > FE & Delivery > Views list > Services Page > Tiles Configuration > Main Menu.
