## Promoting Leganto to Academics

Created By: Peta Hopkins  
Created on: 11/13/2018

Some examples of how we are promoting Leganto as a new service to academics

1. News article on library website - [Renovate your reading list for 2019](#) .

This news article includes a video which outlines how the project is unfolding, including feedback from academics and students involved in the pilot lists. The video is also available here <https://youtu.be/aAk6yUbVegE>

2. Our guide for instructors - <https://bond.libguides.com/resource-list-guide-for-instructors>
3. Our guide for students - <https://bond.libguides.com/resource-list-guide-for-students>.

We ask academics to show this to their classes. We also offer for our Faculty Librarians to visit classes in Week 1 or 2 to showcase the features in the lists to students.
