

"Plan B" for API request on Developer's Network

Question

On Developer's Network you can see graphs showing the API use. Below is an information saying e.g. "Your institution is currently on B plan, ...". What does "B plan" mean?

Your institution is currently on the **B plan**, which represents your threshold according to the [Alma](#) and [Primo](#) daily threshold guidelines, rounded up to the nearest plan range.

Answer

The "plans" show the API thresholds and this are the according numbers:

- A 1000000/day
- AA 2000000/day
- AAA unlimited
- B 500000/day
- C 200000/day
- D 100000/day
- E 50000/day
- F 20000/day
