

## Analytics Evidence PG2 - Joining Data

Created By: IIGeLU-ELUNA Analytics Working Group  
Created on: 11/20/2018

We have a continued need for access to data through APIs and data warehousing services (Tableau, MS SQL Reporting, etc.) for Primo.

We need the ability to join Google Analytics data to Primo session data within Analytics

topic: general  
priority: high  
status: open
