

## 01 Resource Sharing Models

Duration: 4 minutes

<b>Description</b>	By the end of this training session, you will understand the features and differences between the three, primary, resource sharing models available in Alma: Broker-Based, Peer-to-Peer, and Fulfillment Networks. We'll also briefly discuss how resource sharing relates to collaborative networks, or consortia.	<b>Attachments</b>  <a href="#">Handout</a>
<b>Target Audience</b>	Library implementation team Resource sharing leads
