

## How do I find out if I have an account?

- **Product:** Research Professional
- 

### Question

How do I find out if I have an account?

### Answer

If you are accessing \*Research Professional as a guest user via your institution's network, and you want to check if you have an account, click **Log in** from the top-right hand corner of the page. You will then see the **Forgot Password** link. Enter your email address and if the system does not recognise this address, you will need to register for an account.

To register for an account, click **Register** from the top-right hand corner of the page. You will be asked to enter your name, institutional email address as well as a password of your choice.

If you want to register for an account remotely, you can find more information on how to do so [here](#).
