

## Leganto Instructor Rollover

Created By: Digital Library Initiatives  
Created on: 1/22/2019

### **Leganto Instructor Rollover**

Leganto Instructor Course Rollover (Leganto August 2018 release) is a very useful feature for academics to re-use their reading lists for new courses. UNSW (University of New South Wales, Australia) presented our implementation and testing of this function to ANZREG (Australia & New Zealand Regional ExLibris Group) community on December 6, 2018.

See below the recording and presentation of the webinar:
