

Creative Studio: How to Edit Page Details

Media, iframe, embed and object tags are not supported inside of a PDF.

Description	The campusM Creative Studio allows you to create information pages for various uses. In this video we'll show how to edit pages, menus and redirect details. The Creative Studio allows users to change the details and visibility of each node in the "Menu Options" tree.	The campusM Creative Studio allows you to create information pages for various uses.
