

## Creative Studio: How to Design a Page

Media, iframe, embed and object tags are not supported inside of a PDF.

<b>Description</b>	The campusM Creative Studio allows you to create information pages for various uses. In this video we'll show how to design a page, including a review of the components (blocks) available in the Creative Studio. Components are the foundation of how pages are built in the Creative Studio and can be used by non-technical staff in a drag-n-drop manner.
