

## Remove Control Field 008

- **Product:** Alma
  - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
- 

### Description

How to Remove Marc Fixed Field 008? The Normalization rule works in MDE, but not in a job.

### Resolution

In order to replace Marc21 Control Field 008, the removeControlField and addControlField have to be in the same Normalization rule.
