
How to Add an App Profile

Media, iframe, embed and object tags are not supported inside of a PDF.

Description	App Profiles in campusM allow you to present the end-user with the content that best fits their status in the organization, including branding, screens, menu options, maps, locations and banners. You can have different app profiles for Open House, Students and Staff, Alumni Association, etc. Here's how you can create a new App Profile.	Attachments None
