

Java in RefWorks

Question

What will RefWorks do when Java is no longer provided free from Oracle?

Answer

OpenJDK is supported for the operating system and office combinations detailed below.

If the work environment used by your institution does not appear below, please send the details to [Tech Support](#).

Operating System	Office Version	OpenJDK version	Comment
Win7_x64	Office 365_x64	OpenJDK 8 64-bits	Supported
Win7_x64	Office2010_x64	OpenJDK 8 64-bits	Supported; Need to install the JRE of OpenJDK 8 64-bits
Win7_x64	Office2013_x64	OpenJDK 8 64-bits	Supported
Win7_x64	Office2016_x64	OpenJDK 8 64-bits	Supported
Win10_x64	Office2013_x64	OpenJDK 8 64-bits	Supported
Win10_x64	Office2016_x64	OpenJDK 8 64-bits	Supported
Mac_x64	Office2011	OpenJDK 8 64-bits	Partially supported; Requires Java 6 installation
Windows10_Pro_x64	Office 365_x86	OpenJDK 8 32- & 64-bits	Supported
