
How to disable all Voyager cron jobs

- **Product:** Voyager
 - **Product Version:** 8
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

How do I disable all Voyager cron jobs?

Answer

Comment out (by adding a comment mark (#) at the beginning of each line) all cron jobs by editing the crontab for *both* the voyager and root users.

Example:

```
# 7 0 * * * /m1/voyager/xxxxdb/sbin/Pcircjob -j12
```

Additional Information

See [Editing the crontab](#).
