

Award Field Details

Below is an explanation of fields that may be returned in an award record, if available:

Title - Name of the research project as provided by funder.

Funder - Name of main funding body.

Year - Year award was made, generally based on the decision date, unless otherwise specified in the awards data information.

Amount - Provided in the currency of the funder country. Any alternative currency amounts have been converted to the target currency.

Principal Investigator - Name as provided by funder.

Recipient Organisation - Institution award was made to.

Recipient Department - If applicable.

Co-investigator Names - If applicable.

Funder Reference - Funder's internal award reference.

View Abstract - Link to abstract if available.

Start Date - As provided by funder. Where this is announced, as opposed to actual, the record is annotated.

End Date - As provided by funder. Where this is announced, as opposed to actual, the record is annotated.

Duration - As provided by funder. Where this is announced, as opposed to actual, the record is annotated.

Decision Date - As provided by funder.

Funding Opportunity - Internal RP link, if opportunity is open or recurrent. Opportunities may be linked to a different funder than the awarding funder.

Sponsor Name - Sponsoring PI or institution, generally associated with studentships and fellowships.

Original Call - As provided by the funder. This may differ from the name of a linked funding opportunity on RP.

Mechanism, Programme, Scheme, Category and Area - As funders are not consistent in how they classify this information, we have not attempted to standardise their meanings. The information is presented as supplied by the funder.

Panel - The name of the awarding panel. The names of panel members are not provided.
