

Change the font size in the Voyager Circulation client

- **Product:** Voyager
 - **Product Version:** 8
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

Can I change the font size in the Voyager Circulation client?

Answer

You can't change the font size itself, but you can select a more readable font for the Item Search Results display.

Do do this:

1. Execute a search as is.
2. At the top of the results list box you'll see a Font dropdown box where you can pick a larger font like Arial, Arial Black, or Arial Unicode MS.
3. This selection should persist through future searches in the Circulation client.
