

## Unable to unsuppress MFHD using Voyager Pick and Scan

- **Product:** Voyager
  - **Product Version:** 9
  - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
- 

### Question

I am trying to use Pick and Scan in the Cataloging Client to unsuppress a MFHD, but record is not being changed. Why?

### Answer

Go to SYSADMIN > Locations and confirm that the Location does not have the "Suppress in OPAC" checkbox checked.
