

How to view SolrCloud server status

- **Product:** Rosetta
 - **Product Version:** 6.1
-

Question

How can I tell whether SolrCloud is set up?

Answer

1. ssh to the server with dps user
2. run `ver_full`

e.g.

```
il-dtldev08c-d4(1) >>ver
Execute master cshrc

Hostname : il-dtldev08c
Rosetta Server Status : UP
Solr Status : UP
Solr mode : Cloud
Zookeeper status : Running, Mode: standalone
Application role : DEP,REP,DEL,PER,IDX
```

see also [solr console](#)
