Duration: 6 minutes

Description	This video explains some of the advanced features and tools Pivot-RP administrators can use to configure Pivot-RP. Expanding on the previous training session for Pivot-RP administrators, here we cover tools that are available only to a few of your institution's Pivot-RP administrators, such as managing permissions of other administrators, claiming a profile on behalf of a researcher, adding internal funding opportunities just for your institution, setting institutional search filters, and more.
Target Audience	Staff that will administer an institution's Pivot-RP service
