

## How are Apple Push Service certificates renewed?

- **Product:** CampusM
  - **Product Version:** All
  - **Relevant for Installation Type:** All
- 

### Question

Apple push service certificates expire periodically. How and when are these renewed and who renews them.

### Answer

Ex Libris will renew Apple push service certificates within 1 week of their expiration. No action is required to ensure that these certificates are renewed. Any notifications regarding Apple Push Service certificate renewals related to campusM may be ignored.
