

Contact RapidILL Library

The Rapid Library Directory area is where you can find important information such as:

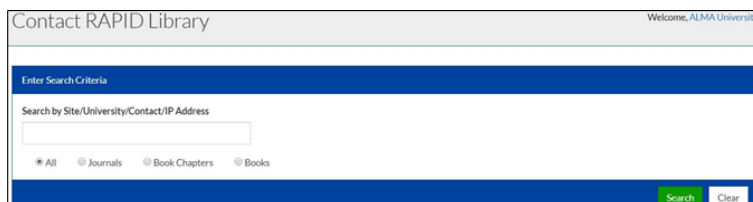

- Contact names
- Contact email addresses and phone numbers
- Delivery preferences and addresses

To contact Rapid Library, select **Rapid Library Directory** from the Settings drop-down menu at the top of the Rapid page.

The following page appears:

Contact Rapid Library Link

A screenshot of the 'Contact RAPID Library' search interface. The page title is 'Contact RAPID Library' and the user is logged in as 'Welcome, ALMA University'. Below the title is a search box with the placeholder text 'Enter Search Criteria'. Below the search box is a label 'Search by Site/University/Contact/IP Address' and a search input field. At the bottom of the search area, there are radio buttons for 'All', 'Journals', 'Book Chapters', and 'Books'. The 'All' radio button is selected. At the bottom right of the search area, there are 'Search' and 'Clear' buttons.

Contact Rapid Library

You can search the Rapid participants list by site code, university name, and IP address. For example, if you know the code of the library you want to contact, enter it into the search box and select Search or press <Enter>. You can also limit your search to libraries participating in specific services (Journals, Book Chapters, or Books).

Doing a search for COF displays the following page:

Results (1)		
COF :: Colorado State University		
Morgan Library Odyssey: Illiad.library.colostate.edu		
Matt Diven (Lending Supervisor)	Matthew.Diven@colostate.edu	970-491-7699
Cheylin Smith (Lending)	cheylinsmith@ColoState.EDU	970-491-0594
Maggie Cummings (Borrowing Supervisor)	maggie.cummings@colostate.edu	970-491-1868
Cristi MacWaters (ILL Supervisor)	Cristi.MacWaters@ColoState.edu	970-491-1867
Donna Schmid (Lending)	dschmid@library.colostate.edu	970-491-0594
Lending Staff (for general questions)	library_dl_ill-lending@mail.colostate.edu	970-491-0594
Tyler Alvarado (Borrowing)	tyler.alvarado@colostate.edu	970-491-1868

COF Results

Note

The search box is designed as a key word box, so typing a partial or incomplete search may result in multiple returns. If, for example, you enter a partial code, such as `colo`, Rapid displays every site that has `colo` in its entry.
