

## RefWorks Federation Details

### Question

To what Shibboleth Federation does RefWorks belong?

### Answer

RefWorks is a member of InCommon and OpenAthens.

Our EntityID is <https://shibboleth.refworks.proquest.com/shibboleth/sp>

If you use eduPersonPrincipalName, please release "eppn".

If you use eduPersonTargetedID, please release "persistent-id" or "oid-targeted-id". Other attributes would be needed if you use scope (sub institution level access) or affiliation (user roles).

Our metadata can be downloaded from here: <https://shibboleth.refworks.proquest.com/Shibboleth.sso/Metadata>

When you open the file you will see an entityId=<https://shibboleth.refworks.proquest.com/shibboleth/sp>
