

When scanning in an item, what does the alert symbol mean

- **Product:** Alma

Question

When scanning in an item, what does the alert symbol under Request/Process type mean?

1 - 1 of 1

Title	Destination	Barcode	Request/Process type	Requester
Underwater Basket-Weaving: 100 Designs That Will Make You Hold Your Breath in Excitement	Lonely Library	840765312	 Patron physical item request	Julius Pepperwood 

Answer

The alert symbol is an attention-grabber to let the operator know that there is a certain type of request on the item that was just scanned in. It was added in the March 2020 release of Alma.
