
“Invalid TITLE” error when activating with the Portfolio Loader

- **Product:** Alma
-

Question

Using the Portfolio Loader, e.g. with: Incremental > Add New, an error is given: “**Invalid TITLE**”.

Answer

To resolve, the ENTER (carriage return) was removed. The cell was originally:

"Black Litigants in the Antebellum American South [electronic resource] :

/ Kimberly M. Welch."

This cell was loaded successfully:

"Black Litigants in the Antebellum American South [electronic resource] : / Kimberly M. Welch."
