
Change "Search resulted in no hits" message in Voyager WebVoyage

- **Product:** Voyager
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

How to change the default "Search resulted in no hits." message when a search in WebVoyage fails.

Answer

1. Go to:

/m1/voyager/xxxdb/tomcat/vwebv/context/vwebv/ui/en_US/xsl/userTextConfigs/pageProperties.xml

2. Edit this line of code and replace "Search resulted in no hits" with your desired text:

```
<pageMsg errorCode="searchResults.noHits">Search resulted in no hits.</pageMsg>
```
