

Change text displayed in Header button in Webvoyage

- **Product:** Voyager
 - **Product Version:** insert product version
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

How to change the text that displays in a "Header" button in WebVoyage.

Answer

In the "Header" section of webvoyage.properties, set the "button's" information as needed. For example:

```
page.header.buttons.search.button=New Search  
page.header.buttons.search.message=Search the Catalog
```
