## What is the SEARCHFIELDS table in Voyager Prepackaged Access Reports?

- **Product:** Voyager
  - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
- 

### Question

What is the SEARCHFIELDS table in Voyager Prepackaged Access Reports?

### Answer

Data in this table are defined in the SysAdmin client at Search, Indexes - Holding Keyword Definitions and Indexes - Holding Keyword Definitions.

This table holds the definition of keyword search keys. The name of the search key is in searchcode.

The MARC fields and subfields that are indexed with this search key are in fieldcode.

The searchcode field is further defined in the [SEARCHPARAM](#) table.

- fieldcode character 4
- searchcode character 4
