

LibChat Widget Appearing in Leganto

Product: Leganto

Description

Our LibChat Widget is appearing in Leganto and we want to remove it.

Resolution

- 1) Create a new Leganto-specific Primo View that does not include the Chat plugin.
- 2) Use this view in Primo Integration: Configuration Menu > Leganto > Discovery > Primo Integration

Additional Information:

- [Configuring Repository Search in Leganto](#)
- [Configuring Discovery Views for Primo VE](#)
