

How to set unique user identifier in NCIP

- **Product:** Voyager
 - **Relevant for Installation Type:** Multi-Tenant Direct, Dedicated-Direct, Local, TotalCare
-

Question

How do we set the NCIP User Identifier for Relais?

Answer

1. Open intercirc-ursa.ini for editing (other services use different INI files).
2. In the [General] stanza set the TypeOfVerificationId value as per the documentation: [Voyager Intercirc - NCIP - November 2014](#)
