

Primo: Journal of Visualized Experiments Subscriptions - 2022

Which Journal of Visualized Experiments (JoVE) databases should I subscribe to for CDI?

As a Primo customer, which Journal of Visualized Experiments (JoVE) databases should I activate for the Central Discovery Index (CDI)?

You will need to subscribe to any of the databases below in Alma, to make the JoVE content available through Primo. Activate those collections, which you have purchased from JoVE.

Subscribing at an individual data-base level, more accurately facilitates rights management for Primo, and helps to prevent false positives in the search results.

--> Effective May 2022, customers have the option of activating "Master Collections" which include the individual collections. This is consistent with JoVE's newer sales model.

Current mapping:

COLLECTION_NAME	COLLECTION_ID	COLLECTION_DESCRIPTION
JoVE Biological Sciences	61496000000000522	This package includes the Encyclopedia of Experiments: Biology, and the following JoVE research journals: Biochemistry, Biology, Developmental Biology, and Neuroscience. Core Biology, Core Molecular Biology, Lab Manual Biology, and Science Education subjects Advanced Biology and Basic Biology are also included.
JoVE Biomedical Sciences & Clinical Medicine	61496000000000523	This package includes the following JoVE research journals: Bioengineering, Biology, Cancer Research, Genetics, Immunology & Infection, Medicine, and Neuroscience. It also features both sections of the Encyclopedia of Experiments: Biology and Cancer Research. Science Education Clinical Skills, Core Biology, Molecular Biology, and Lab Manual Biology are also included.
JoVE Brain & Behavior	61496000000000524	This package features Science Education subjects Psychology and Advanced Biology. It also includes Core Social Psychology and JoVE research journals Behavior and Neuroscience.
JoVE Chemistry & Environmental Science	61496000000000525	This package includes Core Chemistry, Lab Manual Chemistry, and Science Education subjects Chemistry and Environmental Sciences. It also includes JoVE research journals Biochemistry, Chemistry, and Environment.
JoVE Education Unlimited	61496000000000526	The Education package includes JoVE Core, Lab Manuals and all Science Education subjects—Biology, Chemistry, Clinical Skills, Environmental Sciences, Engineering, Physics and Psychology.

JoVE Engineering & Physics	61496000000000527	This package includes the following JoVE research Journals: Bioengineering, Chemistry, and Engineering. Science Education subjects Engineering and Physics are also included.
JoVE Research Unlimited	61496000000000529	This package includes all JoVE research journals–Behavior, Biochemistry, Bioengineering, Biology, Chemistry, Developmental Biology, Engineering, Genetics, Immunology & Infection, Medicine and Neuroscience-and the both sections of Encyclopedia of Experiments–Biology and Cancer Research.
JoVE Unlimited	61496000000000528	This package is JoVE's complete video library. It includes all research journals–Behavior, Biochemistry, Bioengineering, Biology, Chemistry, Developmental Biology, Engineering, Genetics, Immunology & Infection, Medicine and Neuroscience–and all sections of Encyclopedia of Experiments (Biology and Cancer Research). JoVE Education collections, such as JoVE Core, Lab Manuals, and all Science Education subjects–Biology, Chemistry, Clinical Skills, Environmental Sciences, Engineering, Physics and Psychology are also included.
