
Upcoming Behavior and Design Changes in Leganto 2022

These are behavioral/user experience changes in the software that affect all customers by default. For more information about the impact of the feature, select the feature title to see the details below.

Email us at Leganto_Customers_Feedback@exlibrisgroup.com with any feedback or questions.

Experience	Software	Expected Release
New Leganto User Experience	Leganto	H2 2023

New Leganto User Experience

H2 2023 Leganto

Ex Libris is developing the next generation Leganto user experience.

The new user experience will enhance the use of the product by:

- Simplifying user flows
- Upgrading Leganto's
 - Security
 - Performance
 - Accessibility
 - Look and feel
- Including the community's enhancement requests and ideas

To learn more about this new experience, watch the [New Leganto User experience roadmap webinar recording](#) or view the [webinar presentation](#). Also see [Product Roadmap](#).
