

## Order of Leganto Reading List Templates

- **Product:** Leganto
- 

### ***Question***

I noticed our Leganto reading list templates are not in alphabetical order. How can we change the order of our templates?

### ***Answer***

The order of Leganto reading list templates is chronological, according to date/time of creation. There is no parameter to change the order of existing templates, but they can be deleted and recreated to change the order.
