## Integrating campusM with Your Other Systems

[Click to play](#)

Duration: 3:55 min

<b>Description</b>	Product Integrations connect campusM to other systems, such as your discovery system or a weather service, and get them into the hands of your users via Live Tiles in the App. In this session, we'll demonstrate how to configure and deploy Product Integrations.	<b>Attachments</b>  <a href="#">Handout</a>
<b>Target Audience</b>	New and existing customers with responsibility for managing/maintaining their campusM instance.	
<b>Prerequisites</b>	None
