## Introduction to Timetable

[Click to play](#)

Duration: 03:16 min

<b>Description</b>	The Timetable integration allows app users to view their schedule and a list of calendar events. Students can see where their next class is, find directions for the physical location, or connect through to the virtual event. In this session, we'll get acquainted with the timetable feature and learn how the data is refreshed.	<b>Attachments</b>  <a href="#">Handout</a>
<b>Target Audience</b>	New and existing customers with responsibility for managing/maintaining their campusM instance.	
<b>Prerequisites</b>	None
